No asconer had he taken office, then Dr. Passes took riespe the world affect the Cuban banking crofile for many years to come. On January 6, 15%, he "fresse" all newings and checking accounts and sealed all the anti-deposit beaux, sementaries simply by heigeraph or triphone, flagrantly disregarding accepted judiciary precedings. The justification of these measures, he declared, was to prevent the officerals of the falles regime from exporting Ill-getten mentre and thus recover them for Cube. There is no doubt that seems of the 'lirosen' and later conflictated funds were ill-getten by certain officials of the Batista regime, but spect from the fact that the swanters was only against mentice obtained during the government, which was sujunt and discriminatory) the performed of the matter consisted in that the conflictation in the beach was undermitted for many years in suchange for recovering only a few million peace. until a very late date, this appointment is unfortunate and regert table.

Dr. Pasot' appointment would not be conducive to the reertablishment of corridal relations when the time cemes that Cuba is liberated from the yoke of Fidel Castro and Commonlant.

To the American Larpayer, there is another angle which may increast him with regard to Dr. Passes' appointment: We rised to his support and relations with a staunch and openly declared reserve of the United Water of American since the very first days of the Castro generament.

During the time that Felipe Pases was President of the National Rank for the accord time and Economic Ambassador of Cuba to Parope, the most insulting and alundermus statements were more to the companies of the Cuban government against the United States. This became with the ensuring the smallest bombardment of Havana at the time the time that the ensuring the varieties that deeping counter-resolutionary paraphists, and even much worse at the time of the Erench S.S. Furthermore, no one ever heard Dr. Paros' suita morest against these alandrous crempaions, new did he servicing his conformaty towards.

But it was not only insults and calumnies that were builted by the Castro powerment at the United States of America forms that interest and American interests.
